Hey Mary,

Yeah that comment came from our legal folks and just thought State 404 BiOp might give the impression either the state was issuing the BiOp or the state was in consultation with USFWS. I think the suggested name was "Program assumption BiOp" and yes I believe it should be consistently named in both documents to prevent confusion.

Subject: Hi Kelly, quick question

I have a quick question (maybe). In our last teleconference, it was suggested that the State 404 BiOp be renamed to Assumption 404 BiOp for the MOA. This wasn't suggested in the review of the BA. Should it remain the way it is in the BA?

Thanks,
Mary
